Dear Author/Authors,

Greetings from AISSMS IOIT!!!

Congratulations on the acceptance of your Paper: **Unmasking Disinformation: Detection of Fake News Online using Learning Techniques** with Paper ID: **500** for the presentation in ESCI 2024 to be held at AISSMS IOIT, Pune.

As a next step, you are requested to complete the registration process by paying the exclusively early bird registration fee on or before **10/01/2024**. Only one author will be given a Presentee Certificate after paying the paper registration fee. If the co-authors want a Presentee Certificate, they should pay Rs. 1500/- each and register. The link for the payment is given below for your reference.

Payment Link: https://www.explara.com/e/esci-2024_

We request you to send the camera ready paper as per the modifications suggested by reviewers' & Technical Program Chair in Microsoft Word File or Latex Zip Folder and PDF to the following e-mail id before **10/01/2024**, after the payment is made to include your paper in proceedings.

E-mail id: publication.esci2024@aissmsioit.org

You are advised to address the following comments in your Camera Ready Copy (CRC) suitably which are intended to help you to improve your paper for final publication.

(1) Reviewers' comments are given below. You are requested to highlight changes made according to reviewers' comments in red color.

- **In table I, Testing accuracy of Support Vector Machine is not reflecting correctly, please correct.**

(2) The accepted and presented papers of ESCI 2024 will be forwarded for inclusion in IEEE Xplore digital library (indexed by Scopus); therefore the accepted papers must fulfill the following.

I. The paper must be in an IEEE format with a minimum of 5 and a maximum of 6 pages.

II. Please check that your paper contains the following.

- Paper Title
- Author Name
- Author Affiliation
- All authors can mention their e-mail id. It is necessary to mention the e-mail id of the corresponding author and mark the e-mail id of the corresponding author using a star.
- Authors should not mention designation etc. in the name and affiliation part below the paper title. You are requested to mention only the name, college/organization name, and e-mail ids of all the authors compulsorily. However, they may mention acknowledgment if necessary (at the end of the paper-prior to references). Kindly mention the full name of your institution and city name.
- Abstract and Keywords

- Introduction
- Main Content
- All figures, tables, and equations are properly numbered. Cite all figures and tables used in the body of the text.
- Check English sentences, grammar and spelling carefully.
- Use high-resolution images for a better view
- The figures/tables should be readable and clear, with readable legends.
- Conclusion
- References - Add enough references, which are appropriately referred to in the text.

III. Submitted manuscripts must be from the author's work only which includes text, figures, and tables. If some part of the paper is from the work of others then permission should be taken for it. Information in manuscripts must always be cited.

VI. Citations should be given close to the information within the sentences or at the end of the sentence, not after several sentences or near the end of the paragraph. Even when citations are given, the exact copying of a whole sentence or paragraphs should be indicated by quotation marks. Furthermore, the reuse of part of a published figure or table requires copyright permission from the publishers that hold the rights. All re-published figures and tables should explicitly indicate the source.

V. All references which are cited must be complete in terms of details like year of publication, vol. no., issue no, pages, name of conference/journal, etc. wherever required. All references listed in the end (under the reference section of your paper) must be cited in the body of the text.

VI. The version of this final CRC will be used for the preparation of the conference schedule, proceeding, and will be sent to IEEE.

VII. You are requested to submit the following files after renaming those with your paper id.

- Revised paper source file: Either in WORD file (.docx format) or in LaTeX (For latex, all the associated files should be given as zip file).
- Revised paper in pdf files also.

VIII. CRC should have less than 10% single source similarity (plagiarism) and an overall similarity (plagiarism) of less than 30%.

Note:

* Please note that IEEE will make a quality check of each final paper before sending it for production. If any issue of plagiarism is detected which is not within the IEEE policy then the paper may be rejected even though authors might have registered and presented. If the modifications suggested by reviewers and TPC are not included properly then your paper will not be published in IEEE explorer and the organizing committee of ESCI 2024 will not be responsible for it.

Hope to see you all at the Conference.

Regards

Team ESCI 2024
